

Important Information for Parents/Patients with Private Health Insurance

What are the benefits if I use my fund and admit as a private patient

- Choice of Doctor
- Your child will be treated by or have surgery performed by a Consultant, a specialist doctor. Your chosen Consultant provides medical care at no-out-of-pocket expense *unless he/she advises you differently*. You should discuss the cost directly with your specialist. He/she will be happy to provide this information.
- No out-of-pocket expenses. By using your private health insurance, you are assisting the hospital to maintain facilities, continue to provide better service and buy additional equipment.
- Private patient voucher package and toiletries pack.
