

Clinical Practice Guidelines DISCLAIMER

These Clinical Practice Guidelines are intended to provide general advice to the medical, nursing and allied health staff of Princess Margaret Hospital, Children's and Adolescent Health Service. The Clinical Practice Guidelines should never be relied on as a substitute for proper assessment with respect to the particular circumstances of each case and the needs of each patient.

The Clinical Practice Guidelines have been prepared using an interdisciplinary approach, having regard to general circumstances. It is the responsibility of each member of staff to be fully informed of the particular circumstances of each case, and the application of Clinical Practice Guidelines in each case. Clinical Management must always be responsive to the needs of the individual patient and the particular circumstances of each case.

Each Clinical Practice Guideline has been prepared with reference to the information available at the time of its preparation.

Whilst the CAHS endeavours to ensure these Clinical Practice Guidelines are accurate at the time of their preparation, it takes no responsibility for matters arising from changed circumstances or information or material that may have become available after the issued or reviewed date.
